OpenEVSE

Enclosure Install Template

- Tape Template to Wall
- Choose Quick Release (Blue) or Fixed Install (Red)
- Drill Holes at chosen locations
- Remove Template

Quick Release

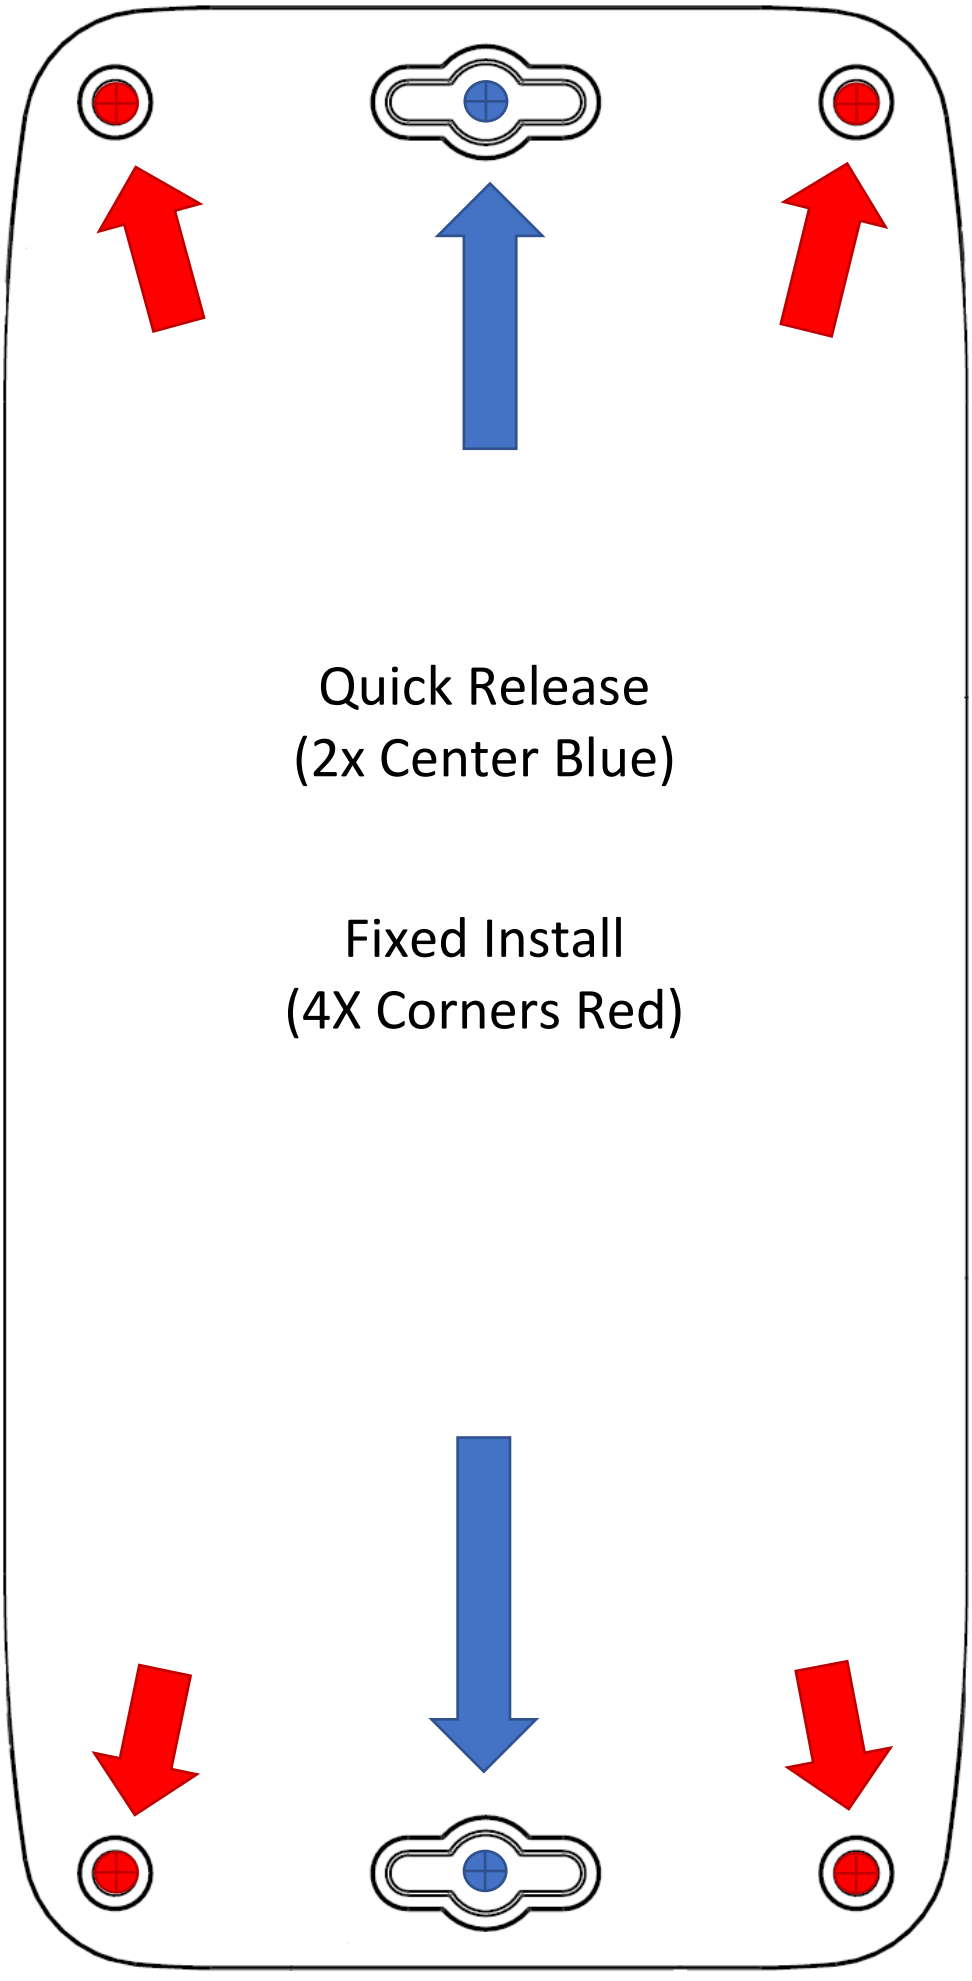

- Insert screws partially leaving screw head ½" from mounting surface.
- Install station over the screw
- Slide either direction
- Tighten screws to remove any excess play, leave loose enough so the station can slide off when desired.

Fixed Install

- Hold Station over holes
- Insert 4 Screws and tighten
